

FAMILY POISONED.

Too Much Acid Used in Making a Cooling Summer Drink.

OELWEIN, Ia., Aug. 10.—The members of a family named Walker, who live just out of the city, were poisoned last night. Three of the children have since died, and the others are barely alive at latest reports. Mr. Walker came to the city last evening and had a prescription containing tartaric acid and other ingredients filled at a drugstore. It was designed to be mixed with water and used as a cooling summer drink.

On arriving home, Mr. Walker immediately prepared a pitcher of the beverage and the family at once began partaking. Shortly afterward the children were taken sick, and in less than an hour the whole family were in an unconscious condition. By chance Mrs. Gardner, a neighbor, happened to call at the Walker residence, where she found the family lying on the floor in an unconscious condition.

A messenger was immediately dispatched to the city, who called Dr. Patterson. The doctor's arrival at the house found the family ill and in a very precarious condition. Everything possible was done to relieve them, but it was impossible to save the lives of three, and it is by no means certain that any will recover. No fault can be found with the druggist, as the trouble seems to have been with the quantity of acid used.

BRAZILIAN AFFAIRS.

The Revolution is Now Thought to Be at an End.

NEW YORK, Aug. 10.—A dispatch from Rio Janeiro says: Brazil sends word that the revolution in Rio Grande is considered at an end.

Word comes from Montevideo that United States Minister Stuart has gone to Paraguay to present his credentials.

A correspondent in Buenos Ayres telegraphs that important negotiations are pending between Minister of Finance Terry and representatives of foreign creditors of the Brazilian provinces, looking to a unification of all provincial foreign debts into a 2 per cent stock. This stock is to be guaranteed by the nation, and may bear interest up to 4 per cent if the national revenue increases to such an extent as to warrant it.

Since the passage of the amnesty bill the Balmacedists party, which supports the present radical ministry, is demanding the elevator to the rank of colonel of those army officers who fought on their side and also that members of their party be appointed ministers to Peru and Brazil. This the cabinet is afraid to grant.

Serious Railroad Wreck.

OMAHA, Aug. 10.—The Oklahoma and Texas Rock Island express, eastbound, jumped overhead bridge over the Union Pacific, five miles southeast of Lincoln, at 10 o'clock last night. Ten passengers were killed, and all the trainmen but the engineer. All the cars are burning.

Earthquake in Tennessee.

MEMPHIS, Aug. 10.—Three distinct shocks of earthquake were felt here at 12:19 o'clock this morning. The vibrations were from southwest to northwest and were of 10 seconds duration. Tall buildings swayed and windows rattled, but no damage was done.

Italy Makes No Demands.

PARIS, Aug. 10.—Contrary to its general practice the Italian government has made no demand for mitigation of the sentence of Santo Cesario, the slayer of President Carnot.

Italy Will Remain Neutral.

ROME, Aug. 10.—The official journal announces that the government will maintain a neutral position in the war between Japan and China.

Populist Convention.

BALTIMORE, Aug. 10.—The Populists of the Sixth district yesterday nominated Horace Risley of Allegheny county for congress.

Another Earthquake in Sicily.

NAPLES, Aug. 10.—Thirteen persons were killed and 29 were wounded by the earthquake shocks at Acireale, Sicily, yesterday.

BUTTONS OF ALL SORTS.

The Popular Ones Are Made of Dresden China, Cut Jet and Pearl.

The button maker's craft is susceptible of quite as surprising a development as any other branch of industry. Buttons, originally a strictly utilitarian article, now often form the sole trimming of gowns or coats and are amply sufficient for that purpose. We have long been able to have our cloth and silk buttons made to order of the same material as the costume for which they are intended. More recently we have been supplied with composition buttons, which are an astonishing imitation of the silk and serge covered article and wear indefinitely, which the latter do not.

This being a season of buttons, a great variety is shown in more expensive styles, as carved mother of pearl and cut jet, while with the fashion of Dresden china umbrellas and parasol handles have come Dresden buttons of various sizes, decorated in the same manner and used on rich costumes, especially on court coats. Where buttons are adopted as a garniture, if they are in-

DOUBLE SKIRTED COSTUME.

tended to give the effect of fastening anything together, it is much the best way to have the corresponding buttonholes made and really button the thing instead of merely securing it by the thread with which the buttons are sewed on. It is more trouble, but well made buttonholes are a decoration in themselves, and there is something anomalous in the position of a button without a buttonhole.

Although the double skirt or overskirt is steadily advancing in popularity, the plain skirt refuses to retire from public favor, and it is to be hoped that it will continue to hold its place, for it is lighter and more convenient in every respect than the draped skirt. The latter appears to advantage in muslin, gauze and thin evening materials, but in woolen goods for street wear it is undeniably weighty. It is being used for all sorts of gowns, however, and probably by next winter it will be firmly established as the ruling mode, and we shall see heavy cloths and even velvets made up in that style.

A sketch is given of a double skirted toilet in silver gray vogue. The plain underskirt is of checked silk to match, while the second skirt is draped in box pleats over the hips, confined by a strap, which is buttoned in place. The vest, tight sleeves and revers are also of checked silk, while the upper half of the sleeve consists of a balloon puff of vixenone surmounted by a wide epaulet of the same material buttoned down the top of the shoulder.

Mysterious Murder.

CHARLESTON, W. Va., Aug. 10.—Dr. J. W. Davis, a prominent physician of Coalburg, about 20 miles east of here, was fired on from ambush while returning from visiting a patient yesterday, and will die from the effects of a wound received in the bowels. He was in his buggy, accompanied by a negro driver, and the latter escaped unharmed. He was a very prominent physician, about 35 years old, and held a diploma from a London medical college. No cause can be assigned for the shooting.

Can Not Agree.

WASHINGTON, Aug. 10.—The conference on the sundry civil bill will report a disagreement. On nearly all the different items agreements were reached, but on several points the two houses will have to decide before the conferees will feel satisfied to recede. The main points of difference are the appropriation for the purchase of the Mahon site for a government printing office; the appropriation for public buildings in Washington, Idaho, Montana and Wyoming, and for the survey of arid lands.

Town Destroyed by Fire.

CHAMPAIGN, Ills., Aug. 10.—The business portion of Gifford, a thriving town in the northwest part of the county, was almost entirely burned yesterday. Twenty-one business houses, two grain elevators, the Illinois Central depot, extensive grain cribs and 30,000 bushels of grain were burned. Only two business houses in the town remain. The loss will amount to \$100,000, partly covered by insurance.

Pure Food Bill.

WASHINGTON, Aug. 10.—Chairman Hatch of the house committee on agriculture has reported favorably the bill to prevent the adulteration and misbranding of foods and drugs. The accompanying report states that the adulteration of foods has reached alarming extents. It urges that the bill overcome the evil without creating an army of food and drug experts.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
